Expression of Interest – Coaching Positions

The Samoa Netball Association is again preparing for its annual calendar of events for 2012. Many of the programme activities target development at all levels in which netball is played throughout the country. A number of activities require international representation on the part of the national team as well as age group teams. An established annual fixture for the national team is the Pacific Netball Series to be played in Fiji in June 2012. As well an invitation is extended to at least one national team from other regions to visit Samoa. Similarly Samoa Netball is invited to send age group teams to tournaments in NZ/Australia as well as receive visiting age group teams.

To adequately prepare its select teams for the 2012 Calendar of events, SNA is inviting Expression of Interest for the following positions:

**National Coach**

**Development Coach**

**Qualifications/skills:**

Must be an accredited coach

Demonstrated coaching experience at levels indicated or equivalent

Demonstrated coaching experience and willingness to work with emerging 'development players' and not just elite players.

The development coach will focus on local players including emerging players and to prepare them for national trials

**Remuneration:**

SNA is not able to offer a fixed remuneration package but is responsible for all travel and subsistence expenses for training camps and when on tour. As well a daily fee for services will be paid out when on official engagement with the team(s)

The EOI must include a current Curriculum Vita, a perspective on Team Selection and a game philosophy.

All EOIs are to be submitted to Program Manager Tui Hicks on [tuihicks@samoanetball.ws](mailto:tuihicks@samoanetball.ws) by 18 November 2011.
